Re: Vent Pipe Replacement – Adult Detention Jail
Budget Amendment to Proj # V41001

We have been accepting quotes to replace the flue pipe on all the domestic water boilers in the Jail; Project # V41001 which has a budget of \$20,000. We have received three (3) quotes with the lowest & most qualified bid being Gulf Energy in the amount of \$27,400. Due to the fact we will be opening a penetration in the roof we feel there could possibly be unforeseen facts unknown until we remove the flue.

Therefore; we respectfully request to reallocate \$12,400 from Project Y41008 Acct# 499-4102-561-91.01 to Project V41001 Acct# 499-4102-561-75.40 to appropriate funding for replacing the vent pipes.

If you have any questions or need further information, I'm available at your convenience.
